

## GOOD ROADS CON- VENTION CALL

at Sedalia, October 6,  
Result of Conference  
erson City, Mo., Sept. 22.—As  
result of a conference here to-  
ay between Governor Hadley,  
te Highway Engineer Curtis  
ill and Secretary of the State  
Board of Agriculture C. B. Ellis,  
an official call was issued for a  
good highways convention at Se-  
dalia, October 6. An official letter  
will be sent to the Judges of the  
county courts. Mayors of cities and  
commercial bodies generally, ask-  
ing them to send delegates.

The good roads movement in Mis-  
souri was first launched by Govern-  
or Dunklin in 1832. During the  
seventy-seven years that have elap-  
ed, the total mileage of first-class  
highways does not, in the opinion of  
State Highway Commissioner  
Hill, exceed 5,000 miles. It is his  
opinion that the construction of the  
110,000 miles of road desired in  
Missouri is too slow.

The main object of the Sedalia  
meeting will be to urge the building  
of good roads throughout the State  
as rapidly as possible.

## Railroad Commissioners Exon- erate Grain Inspector Nunn

St. Joseph, Mo., Sept. 22.—After  
a hearing yesterday, the board of  
railroad and warehouse commis-  
sioners exonerated H. D. Nunn,  
chief grain inspector of Kansas  
City, of charges of irregularity  
brought against him several months  
ago.

The matter of reducing the dry  
goods rate on the Mississippi and  
Missouri rivers from 60 to 50 cents  
was also taken up by the commis-  
sion.

It was decided to hold a public  
hearing in either Kansas City or  
St. Joseph in the near future to con-  
sider the question, as both of these  
cities are vitally interested.

## Arkansas Man Builds His Own Automobile

De Queen, Ark., Sept. 21.—  
George Winters, an aged inventor,  
who lives near De Queen, has in-  
vented a new kind of automobile.  
He took two bicycles and made  
motor cycles out of them through  
machines of his own invention. He  
then joined the two together, per-  
fected a steering device, and finally  
succeeded in controlling the speed  
of the automobile. He now has the  
finest product, which looks a bit  
crude, but which can compete with  
anything in the country and make  
better time over the rough roads  
than the factory built roadsters.

eign corporations removing suits

by buying up competing lines, has  
already forfeited its charter in Ok-  
lahoma.

State of Missouri, so that the ordi-

Circuit Clerk.  
First Publication September 24.

The October number of The  
Ladies' World is by far the largest  
and handsomest issue of that pub-  
lication we have yet seen. Dr. Wil-  
liam A. Maxwell, Superintendent of  
the New York Public Schools, con-  
tributes a most interesting article  
the Modern Spirit of the Schools,  
and shows what is being done, out-  
side the regular educational lines,  
toward making the scholars good  
citizens. It is a most inspiring  
paper. Another contribution of the  
uplift kind is the story of Phillips  
Brooks, the famous Massachusetts  
divine, which is more fascinating  
than fiction. The stories as usual  
are above the average, among the  
authors being Florence Morse King-  
sley, Anna Hamilton Donnell, Apa  
Tate Drake, Cornelia A. P. Comer,  
Winifred Kirkland and Livingston  
B. Morse. Among the departments  
there is a new one devoted to the  
physical care of children, which  
appeals to all mothers, and in the  
housekeeping, needlework, fash-  
ions, dressmaking and other sec-  
tions, there are articles that appeal  
to the reader as very good and very  
practical.—[New York; Fifty Cents  
a Year.]

Lincoln, Neb., who had been visit-  
ing Mr. and Mrs. Geo. Boehm, left

after their Iowa visit.

### A COMMON ERROR

The Same Mistake Is Made by  
Many Monett People

It's a common error  
To plaster the aching back,  
To rub with liniments rheumatic  
joints.

When the trouble comes from the  
kidneys.  
Doan's Kidney Pills cure all kid-  
ney ills.

Here is convincing proof.  
T. C. Bunnell of Peirce City, Mo.,  
says: "For nearly two years I was  
annoyed by attacks of kidney com-  
plaint. My back became weak and  
often pained me severely, so much  
so at times that I was practically  
helpless. I tried several remedies  
but nothing helped me until I be-  
gan taking Doan's Kidney Pills. I  
procured them and since using  
them, my back has not bothered  
me. I gladly recommend Doan's  
Kidney Pills to other kidney suf-  
ferers."

For sale by all dealers. Price 50c

York, sole agents for the United States.

take no other.

### Badly Hurt

F. A. Lahla was considerably  
hurt Thursday by the falling on  
him of a number of brick from the  
top of the Boss and Gabriel restau-  
rant. Workmen were tearing down  
the brick from the roof of the build-  
ing and throwing them to the  
ground in the rear of the structure.  
Mr. Lahla stepped from the rear  
door and a couple of the bricks  
struck him on the shoulder and  
arm felling him to the earth. If he  
had been struck on the head the  
result would have been fatal.

## Are We Wise?

The citizens of Neosho are dig-  
ging an artesian well in the court  
house square. They are now down  
to a depth of 730 feet with a stream  
of water running out at the top but  
are not satisfied. A meeting was  
held Tuesday and funds were pro-  
vided to sink to a depth of 1,200 feet  
and more if necessary to secure  
what they are after.

This shows commendable enter-  
prise and could be patterned after  
by our citizens with benefit to them-  
selves and the city.

A hole should be drilled in or  
near our city to a depth of at least  
2,000 feet to ascertain what is be-  
neath us.

There is a good chance of strik-  
ing mineral, oil, gas, or mineral  
waters and if this should be accom-  
plished the future of our city is se-  
cured.

We should not be content to de-  
pend on the railroad for our exist-  
ence but reach out for mines, fac-  
tories and other means of pushing  
ourselves upward toward the 10-  
000 mark.
